

VEGAN DOG BISCUITS

Ingredients

1 kg organic wholewheat flour
200 g organic oat flour
200 g organic soya flour
200 g organic chickpea (gram)
flour
200 g ground almonds
2 tbsp wheatgerm
2 tbsp nutritional yeast
1 tbsp spirulina 1 tbsp curcuma
1 tbsp sesame seeds
1 tbsp chia seeds
1 tbsp seaweed flakes
2 tbsp vegetable oil

Mix all dry ingredients together. Add oil and enough water to form a dry dough. Roll into a long sausage shape & slice biscuit size pieces off. Lay them on a greased oven tray and bake in a medium oven 150 – 200 degrees C until hard & dry (approx 1 hour). Leave to cool and store in an airtight tin. They also freeze well.

(Please note these are a complementary food, i.e. can be used as a part of a balanced diet, not a complete food)

All of these quantities can be increased or decreased according to what you have and the requirements of your dogs. Elderly dogs may benefit from extra curcuma which is an anti inflammatory and younger dogs more sesame & ground almonds for extra bone building calcium. If you prefer wheat free swap the wheat flour for rice flour and omit the wheatgerm.

The dogs here at AQFG enjoy these for breakfast and the occasional after dinner treat.
